3. once the Project Leader has finished to update the page of the General Information on the workshop, he/she can assign 5 different passwords (received previously by the Foundation) to 5 different colleagues from 5 different universities, who he/she invites to take part to the workshop (the Project Leader can send the passwords by e-mail or fax). Besides the Project Leader is asked to give to each Professor invited the instruction necessary for him/her to update the relevant page (see the following paragraph).

   - Each International Students Group can access to its own web page, through the login page [http://www.fondazione-delbianco.org/seminari/back/](http://www.fondazione-delbianco.org/seminari/back/).
   - Then, by using the password assigned by the Project Leader in the “FLORENCE SEMINAR AREA” each International Students’ Group must insert:

   - upload the Works of his/her University Group of students made:

The fulfilment of the Phase AFTER is extremely important because by comparing the final works with the previous BEFORE’S it is possible to evaluate the influences of the Foundation’s activity; in other words the contribution to the spreading of the principles of respect of each cultural identity and their valorisation among youth: for “a past to know together, a common future to built”. **That’s why it is ABSOLUTELY needed that each university participant should assure the presentation of the new students’ works 60 days after the Florentine workshop.**

**PAY ATTENTION: in case of lacking the Foundation will take it in due account when preparing the invitation for the following programmes**
